BITTERNESS 10 IBU

STYLE

A light, cloudy Bavarian style (Weissbier) brewed with a large proportion of wheat. Our weiss beer pairs beautifully with most foods and is the perfect refreshing drink for the hottest days of the year.

AROMA & TASTE

Light straw colour is complemented by deliberate cloudiness of this yeasty wheat beer. The Thirsty Fox Weiss is only lightly hopped, the fruity phenolic aroma reminds of banana and clove.

FOOD PAIRING

PAN SEARED SCALLOPS WITH CAULIFLOWER PURE AND LIGHT ROQUETTE SALAD.
The delicate flavours of this dish call for a beer that provides character without dominating. The subtle bitterness and balance between wheat and malt flavours allow the scallops to shine.
